

The chair in nonlinear analysis at the University of Augsburg has an opening for one full-time position as Research Associate, TVL-E 13, (PostDoc)

preferably in one of the following areas:
stochastic analysis, stochastic partial differential equations, stochastic dynamics, or other fields related to the research group in Augsburg.

The term of appointment is until March 31st 2019.

The position has a teaching load of 5 hours per week, which could be done in English.

The full advertisement (unfortunately only in German) can be found under:

<http://www.uni-augsburg.de/aktuell/stellen/wima-bloemker.html>

Further questions can be addressed to Prof. Dirk Blömker <dirk.bloemker@math.uni-augsburg.de>

Please send applications via e-mail with the usual documents

(curriculum vitae with a brief statement of research interests, copy of diplomas, list of publications) in a single PDF-file to dirk.bloemker@math.uni-augsburg.de

The deadline is May 7th 2017 or until the position is filled.
