Dear Colleagues,

We have a research temporary position (two years) in our Department of Statistics and Quantitative Methods in the University of Milano Bicocca, that could be a good opportunity for a young person interested in research.

A laurea magistrale is required and a good attitude toward research, at least shown through the thesis. No already published papers are required.

In case you are interested in it, we have to prepare very quickly a little research project and present all the documents within August 31st (at 12.00 a.m.)

Please send an email to [francesca.greselin@unimib.it](mailto:francesca.greselin@unimib.it) for more information.

Best regards,  
Francesca Greselin
