

Subject: Postdoc Positions in Nonequilibrium Statistical Physics

From: Mike Cates <[m.e.cates@damtp.cam.ac.uk](mailto:m.e.cates@damtp.cam.ac.uk)>

Date: Tue, 16 May 2017 08:58:31 +0100

I am seeking to fill two postdoc positions.

These are funded by my newly awarded ERC Advanced Grant entitled

Active and Driven Systems: Nonequilibrium Statistical Physics (ADSNeSP)

One position is for 3 years, the other for up to 5 years.

These roles

will allow significant independence within the overall scope of the

programme. Both appointees will be based in my group in DAMTP (Cambridge).

For more details see <http://www.jobs.cam.ac.uk/job/13678/>

If you know any suitable candidates please ask  
encourage them to apply.

If you are one, please apply yourself!

The University of Cambridge values diversity and is  
committed to  
equality of opportunity. The Department would  
particularly welcome  
applications from women, since women are, and have  
historically been,  
underrepresented on our research staff.
