

Subject: Lectureship Position, Mathematical Analysis,
Cardiff Univ

From: Tim Phillips <PhillipsTN@cf.ac.uk>

Date: August 09, 2019

Applications are invited for a Lectureship in
Mathematical Analysis in
the School of Mathematics at Cardiff University.

The interests of the Mathematical Analysis Group
include: asymptotic
and variational methods for nonlinear PDEs, in
particular
homogenisation; combinatorial and analytic number
theory, and special
functions; geometric and stochastic partial differential
equations;
kinetic theory of PDEs; spectral theory and quantum
mechanics;
applications including inverse problems, medical genetics
and scaling
limits for particle system.

This position is a full-time position, 35 hours per week

and is open
ended.

The post is available from 1 January 2020 or a mutually
agreed date
thereafter.

We particularly welcome applications from females as
they are under-
represented with Cardiff University in this field.

Informal enquiries may be made to Professor Marco
Marletta

(MarlettaM@cardiff.ac.uk), Dr Federica Dragoní

(DragoníF@cf.ac.uk) or

Professor Tim Phillips (PhillipsTN@cardiff.ac.uk).

Closing date: Monday, 16 September 2019
