Subject: PhD and Postdoc positions in Copenhagen -  
topology

Postdoc and PhD positions in Copenhagen.

The postdoc deadline is already **\*\*Nov 15\*\*** this year  
(strict), while  
the PhD deadline is **\*\*Dec 1\*\*** (also strict).

Please see the links from the homepage of the Centre  
for Symmetry and  
Deformation <http://sym.math.ku.dk> for how to apply.

As a treat to both letter writers and the hiring committee  
we've been  
allowed by the AMS to use MathJobs for processing the  
applications  
this year (yeah!), so recommendation letters should only  
be uploaded  
there. However, applications need to be sent **\*both\***

through MathJobs  
and our local HR system, as indicated in the  
advertisement.
