

Subject: PhD / Postdoc / Lecturer Position, TU
Dortmund

From: Dmitri Kuzmin <kuzmin@math.uni-dortmund.de>

Date: October 06, 2017

The Department of Mathematics at TU Dortmund
(Germany) has an open
TV-L 13 position in Computational Fluid Dynamics which
can be filled
with a Ph.D. student or a postdoc. Outstanding
candidates may be
considered for an A13 faculty position (lecturer,
"akademischer Rat
auf Zeit").

Regardless of the level at which this position is filled, the
initial
duration of the contract will be 3 years. Due to the
teaching load of
5 hours per week, fluency in German is **REQUIRED**.

The successful candidate should hold at least a M.Sc.
degree in

Applied Mathematics or a related field. Further prerequisites are good knowledge of numerical methods for partial differential equations and ability to program in C++ or Fortran. Experience with finite element schemes for conservation laws and/or multiphase flow problems would be an asset.

If you feel qualified and would like to apply for this position, please send your CV to Prof. Dmitri Kuzmin (kuzmin@math.uni-dortmund.de).
