

Subject: Faculty Positions, Applied Math, Heriot-Watt Univ, Edinburgh

From: Dugald Duncan <d.b.duncan@hw.ac.uk>

Date: October 19, 2016

We are seeking to make at least two permanent academic appointments in the Mathematics Department to strengthen our research in the areas of applied mathematics, industrial mathematics, mathematical biology, mathematical ecology, computational mathematics, mathematical data science, stochastic modelling or uncertainty quantification. The role will also have a teaching responsibility.

We are particularly interested in individuals who can expand the profile of the research group in mathematical biology and ecology or who can exploit links to work on geosciences on our campus in the Lyell Centre, one of the main bases of the British

Geological Survey
www.bgs.ac.uk.

The full description of the vacancy is at
[https://www.hw.ac.uk/about/careers/jobs/
job_SVJDNjY5MA.htm](https://www.hw.ac.uk/about/careers/jobs/job_SVJDNjY5MA.htm)

The deadline for applications is 4 December.
