

## **\*\*Call for Expression of Interest: PhD in probability theory Göttingen-Strasbourg\*\***

This is to announce an opportunity for doctoral studies in probability theory starting Fall 2020, co-mentored by Anja Sturm (Göttingen) and Vlada Limic (Strasbourg). The research topics are in theoretical probability, more precisely in the area of near-critical random graphs and related processes.

Interested candidates with strong mathematics research potential are encouraged to contact us, preferably by email,

A. Sturm and V. Limic
