

Subject: Tenure Track Position, Univ of Groningen

From: Fred W. Wubs <f.w.wubs@rug.nl>

Date: August 22, 2016

We seek a new faculty member with a high potential for developing an internationally recognized research line within the unit "Computational Science and Numerical Mathematics". Candidates with an interest in mathematical modelling, simulation, and computational mathematics, preferably related to computational fluid dynamics or numerical mathematics are particularly encouraged to apply.

For details on the needed qualifications and the conditions of

employment we refer to the web site:
