

Subject: Postdoc Position, Numerical Simulation,
Karlsruher Institute of Technology
From: Prof. Dr. W. Doerfler <willy.doerfler@kit.edu>
Date: February 16, 2017

We offer a postdoc position for simulations in the new
DFG Research
Training Group SIMET - Simulation of Mechanical,
Electrical, and
Thermal Processes in Lithium-ion Batteries. Expertise is
expected in
numerical methods of partial differential equations,
especially
finite-element methods in continuum mechanics,
multiscale methods and
reduced models.

The contract is limited for 3 years. The starting date is
01.04.2017

Application up to 17.03.2017
