Subject: [Random] PhD position in stochastic analysis at Leeds

At the University of Leeds we have a PhD position in stochastic analysis within the framework "Leeds York NERC Doctoral Training Partnership (DTP)". Details are as follows:

Topic: An Abstract Model for Surface Water Flow - Stochastic Differential Equations on Graphs and related Fractal Limits

Deadline: January 11th 2016

How to apply: <http://www.nercdtp.leeds.ac.uk/how-to-apply/>

More info can be found at <http://www.nercdtp.leeds.ac.uk/projects/index.php?id=284> . Alternatively you can contact Elena Issoglio at e.issoglio@leeds.ac.uk
