

**\*\* PhD position in stochastic analysis at Leeds \*\***

At the University of Leeds there is a PhD position in stochastic analysis for UK and EU applicants within the framework "Leeds York NERC Doctoral Training Partnership (DTP)". Details are as follows:

Topic: Mean field methods for stochastic population dynamics

(<http://www.nercdtp.leeds.ac.uk/projects/index.php?id=892>)

**Deadline: Monday 7th January 2019**

Start Date: October 2019

How to apply: <http://www.nercdtp.leeds.ac.uk/how-to-apply/>

More info: please contact Elena Issoglio at [e.issoglio@leeds.ac.uk](mailto:e.issoglio@leeds.ac.uk)
