

Subject: Faculty Position, Beyer Chair in Applied Maths,  
Univ of Manchester

From: Catherine Powell <[c.powell@manchester.ac.uk](mailto:c.powell@manchester.ac.uk)>

Date: January 04, 2019

The School of Mathematics at the University of Manchester is seeking to appoint a highly talented mathematical scientist to the Beyer Chair in Applied Mathematics. This is a senior professorial position, established in 1881 by an endowment from the industrialist Charles Frederick Beyer. We welcome strong applicants with expertise in one or more areas of Applied Mathematics, defined in its broadest sense. Salary and a competitive start-up package are by negotiation, with scope to fully recognise applicants of the very highest standing.

The School and the University are fully committed to Athena SWAN

principles to promote women in science, and are keen to accommodate staff with family or caring responsibilities. We have a package of family- friendly policies, covering flexible working, career breaks and entitlement to paid maternity, paternity and adoption leave.

More details about the post and further particulars are available at:

<https://www.jobs.manchester.ac.uk/displayjob.aspx?jobid=16580>

Closing date: **22nd March 2019**

Informal enquiries may also be directed to Professor Andrew Hazel,
