

A call for applications to the 2016/2017
PhD program in Statistics and Mathematical Finance

(University of Milano-Bicocca) is available at the PhD
web site:

<http://www.unimib.it/go/243995352>

Deadline for application is on the 3rd of July (12.00 a.m.
Italian local time)

The PhD program offers two curricula: 1) Statistics;
2) Mathematical Finance.

Seven grants (annual amount of 16.238 euros) are
available, three of which are reserved for students with
non-Italian master degrees.

Course will be held in English by highly qualified Italian
and non-Italian professors.

For further information visit the PhD web site
(<http://www.dismeq.unimib.it/en/dottorato-di-ricerca/>)
