

Subject: Faculty Positions, Applied Mathematics,
Nazarbayev Univ

From: Francesco Sica <francesco.sica@nu.edu.kz>

Date: January 10, 2019

Nazarbayev University is seeking highly-qualified faculty
at all ranks

to join its rapidly growing Mathematics Department in
the School of

Science and Technology (SST). Candidates from all
areas of mathematics

will be considered but preference will be given to those
working in

the following research areas: Applied Mathematics
(mathematical

biology, actuarial mathematics, mathematical finance,
optimization).

Successful candidates should hold a doctorate degree
(Ph.D.) in

applied mathematics, computational mathematics,
mathematics,

statistics or in a related field and have excellent English-
language

communication skills, demonstrated potentials to establish interdisciplinary research, and experience with and exposure to Western higher education. Applicants for associate and full professor positions should have considerable experience in supervising students at the graduate level, grant writing, possess strong teaching skills and experience, and a demonstrated rank-appropriate research accomplishment and service. Applicants for assistant professor level should demonstrate a potential for excellence in teaching, research, and service. Position responsibilities include: teaching undergraduate and graduate level of courses (2-2 teaching load), supervision of graduate students, curricular and program development, ongoing engagement in professional and research activities, general program guidance and leadership, and other activities related to

the
intellectual and cultural environment of the university.

Nazarbayev University offers an attractive benefits package, including: competitive compensation; free housing based on family size and rank; relocation allowance; no-cost medical insurance, with global coverage; educational allowance for children; air tickets to home country, twice per year.

Applicants should send a detailed CV, teaching and research statements, and list of publications to sst.cv@nu.edu.kz.

Review of applications will begin immediately but full consideration will be

given to applications submitted no later than February 28th,

2019. Successful appointments are expected to begin on August 1st,

2019. For more information please visit <http://sst.nu.edu.kz>
