

Subject: Faculty Positions, Applied Mathematics,
Northwestern Univ

From: Michael Miksis <miksis@northwestern.edu>

Date: September 20, 2016

The Department of Engineering Sciences and Applied
Mathematics at

Northwestern University

([http://www.mccormick.northwestern.edu/applied-
math/](http://www.mccormick.northwestern.edu/applied-math/)) invites

applications for two fulltime, tenure-track faculty
positions. Hiring

will be focused on the assistant professor level,
although exceptional

applicants at a more senior level will be considered.

Requirements

include a Ph.D. and demonstrated ability to conduct
high- impact

interdisciplinary research in applied mathematics.

Candidates in all

areas are encouraged to apply. We are seeking
candidates with strong

connections to applications who can enhance the
breadth of research

activities of the department. Duties involve teaching and research.

The application package should include a curriculum vita, a statement

of research accomplishments and interests, and a statement of teaching

experience and philosophy. Send applications to

<https://facultysearch.mccormick.northwestern.edu/apply/index/ODg>In

addition, the applicant should arrange for at least three, but no more

than four letters of recommendation. Recommendation letters will be

automatically solicited from the letter writers by email after the

names are entered in the online application system.

Questions may be sent to esam-facultysearch@northwestern.edu (Subject line: 2017 Faculty Search).

Review of applications will begin November 15, 2016, and will continue until the positions are filled.

For further information, see:

<http://www.mccormick.northwestern.edu/applied-math/>.

Northwestern University is an Equal Opportunity,
Affirmative Action

Employer of all protected classes including veterans and
individuals

with disabilities. Women and minorities are encouraged
to apply.

Hiring is contingent upon eligibility to work in the United
States.
