

In the context of a EU-financed project, INSIGHTS, Pangea Formazione has just opened a call for a 36-months position at its premises in Rome.

Employment contract and salary will comply to the Marie Curie action.

INSIGHTS is part of the H2020-MSCA-ITN-2017 actions aiming to develop new advanced statistical tool with a broad range of application, from experimental physics to business contexts.

Partners of INSIGHTS are nine universities or public research centers (London - Royal Holloway, Lunds, Oslo, Edinburgh, Naples - Federico II, CERN, Max Planck Institute in Munich, Nikhef in Amsterdam and INFN in Naples and Padua) and only a SME (Pangea Formazione).

The profile Pangea Formazione is looking for shall present the following characteristics:

1. has a scientific degree (Physics, Maths, Engineering, Statistics) but hasn't been awarded a Ph.D. yet,
2. has not resided or carried out his/her main activity (work, studies, etc.) in Italy for more than 12 months in

the past 3 years,  
3. wants to have a training experience in business environment.

In case you know some people possibly interested, they could take a look on our website <https://www.pangeaformazione.it/lavora-con-noi/46-open-position.html> or at the EU website <https://euraxess.ec.europa.eu/jobs/279664>

**Send your application before February 28th, 2018**

Best regards,

--
