From: Patrizia Piacentini - PhD <piacent@stat.unipd.it>

Subject: [Random] PhD Studentships in Statistical
Sciences - University of
Padova, Italy

Seven PhD studentships will be available at University of Padova for candidates interested in the area of Statistical Sciences (start of activities: October 1st, 2016).

Eligibility

The studentship competition is open to applicants of any age or citizenship, holding a 2nd cycle degree or a single cycle degree from an Italian university or an equivalent qualification from other countries of at least four years' duration (applicants can get their qualification no later than 30th September 2016).

Admission is decided on the basis of qualifications only and does not require an entry examination.

Award

The award will be for three years, subject to satisfactory progress, at the following rate: annual grant of euros 13.638,47 with a start date of 1 October 2016.

How to apply

The call will be published on May 17 (deadline June 16) at the page

<http://www.unipd.it/ricerca/dottorati-di-ricerca/bandi-e-graduatorie>

English version at the page

<http://www.unipd.it/en/node/1053>

Applications are only accepted online
