

The Scuola Normale Superiore (SNS) has opened two new post-doctoral positions (assegno di ricerca) financed under the SIR program "A New Measure of Liquidity" and the SNS-UniCredit collaboration "Dynamics and Information Research Institute". Please follow this link to apply for the position "Topological Time Series Analysis" and this link to apply for the position "Measures of illiquidity in financial markets using infill asymptotics".

The deadline is April, 3, 2017.

Regards,

Davide Erminio Pirino
