Salve Regina Univ., New Port, Rhode Island (USA)

From: Ernest Rothman <rothman@salve.edu>

Date: August 22, 2018

The Department of Mathematical Sciences at Salve
Regina University

invites applications for a tenure track position at the
Assistant

Professor level starting in the fall 2019 semester. The
department

offers a major and a minor in mathematics, and an
interdisciplinary

minor in mathematical finance. Additionally, the
department offers

courses in the core curriculum and courses that
constitute the

mathematics, statistics, and computer science
components of other

programs at the university. The Mathematical Sciences
Department is

in the process of developing a minor in computer science
and a program

in data science and analytics. Duties include teaching

mathematics at all undergraduate levels, teaching undergraduate courses in computer science, advising students, mentoring student research, and serving on committees. The successful candidate is expected to engage in research and scholarship with publications in peer-reviewed journals, and/or grant activity, and to participate in university service and university outreach programs. Candidates must have an earned doctorate in Mathematics or Applied Mathematics, evidence of strong teaching ability, and interdisciplinary interests in computer science, preferably demonstrated by additional credentials in computer science (e.g., baccalaureate or master's degree). While candidates with research interests in any area of mathematics are welcome to apply, the successful candidate will be able to demonstrate an interest and ability to help develop a minor in computer science.

Salve Regina University offers generous benefits to eligible employees including: health and dental coverage, life insurance, long-term disability, 403B plan, tuition benefits and more.
