

Subject: Senior Lecturer Position, Umea Univ, Sweden  
From: Ake Brannstrom <[ake.brannstrom@umu.se](mailto:ake.brannstrom@umu.se)>  
Date: January 21, 2019

The Department of Mathematics and Mathematical  
Statistics, Umea  
University, Sweden invites applications for a position as  
Senior  
Lecturer in Mathematics, with particular emphasis on  
computational  
mathematics. Last application date is 2019/02/27.

The applicant is expected to carry out research in  
Mathematics that  
connect to the department's research activities in  
Computational  
Mathematics, Discrete Mathematics or Mathematical  
Modelling and  
Analysis. The applicant is also expected to participate in  
our  
educational activities in the area, which includes teaching  
and  
pedagogical development work at both undergraduate

and graduate level, as well as supervision and examination of student theses. Supervision of PhD students and postdocs may also be part of the employment. The applicant is expected to participate in departmental activities in a broad sense.

For the first three years, the employment comes with research time corresponding to 50 % of full time. After these three years, there is the possibility to apply in competition for up to 75 % research time from the faculty. At the department, there is also the possibility to apply for co-funding of PhD-student positions.

The salary for a senior lecturer is typically 547200-636000 SEK per year. The position comes with retirement benefits. In addition, Sweden has an excellent welfare system that includes generous paid parental

leave (480 days / child), steeply subsidized day care,  
steeply  
subsidized health care, etc.

The position is full time from autumn 2019 or upon to  
agreement.
