Subject: [Random] Modelling Week in Verona for PhD students, September 4-10, 2016

The joint Doctoral School of Mathematics of the Universities of Trento and Verona together with the Department of Computer Science of the University of Verona, will organise a Modelling Week (Math Modeling of Industrial Problems) for PhD students, in Verona, from the 4th to the 10th of September 2016.

Detailed informations about the initiative can be found at the following link

<http://profs.scienze.univr.it/caliari/phdmw/>

Target participants are mostly PhD students from all of Europe.

We have the possibility to offer lodging and meals (and

reimburse tax fees) for approximately 20 students. The treated industrial problems will focus particularly on numerical analysis, operation research, mathematical finance and math in biomedecine.

Please note that

The deadline for the registration is May 15, 2016.

Candidates that want to request financial support for lodging, travel expenses and/or fee reimbursement, have to register within April 30, 2016.

The registration fee is 150.00 Euros (it includes, in particular, coffee breaks, lunches, dinners and final social dinner).

In order to confirm the registration, the fee is due within 15 days from submitting the registration form.

We kindly ask to disseminate the event among potentially interested students and colleagues.

With best regards,

Luca Di Persio
