

Subject: Postdoc Position, for female researchers, TU
Wien, Austria

From: Dirk Praetorius

<dirk.praetorius@asc.tuwien.ac.at>

Date: December 20, 2018

As part of its endeavor to increase the number of female
scientists in

mathematics, the Faculty of Mathematics and
Geoinformation of TU Wien

invites applications for a full-time assistant position (40
hours per

week, immediate start, fixed duration of 6 years) for the
broad

subject "Mathematics". The tasks of the job holder
include research

and teaching (4 hours per week). The minimum gross
salary is 3700 EUR

per month (14 times per year)

Depending on the research orientation (e.g., analysis
and/or numerics

of PDEs), the successful candidate will be assigned to
Institute for

Analysis and Scientific Computing to work with, e.g.,
Profs. Anton
Arnold, Ansgar Juengel, Jens Markus Melenk, Dirk
Praetorius, Joachim
Schoeberl, or Peter Szmolyan.

For further information, please contact one of the
named professors by
email.

Formal requirements: Doctoral degree in the field of
mathematics or
related subject.

The application documents should include a
comprehensive curriculum
vitae and a research statement (achievements, research
plan, relation
to current research at TU Wien) of max. 5 to 7 pages.

Please send applications by mail or email to Ms. Triebel-
Kraus
barbara.triebl-kraus@tuwien.ac.at (TU Wien,
Personaladministration,
Fachbereich wissenschaftliches Personal, Karlsplatz 13,

1040 Wien,
Austria).

Closing date: January 31, 2019
