

Two-year postdoctoral positions, funded by the Philip Leverhulme Trust, Warwick.

The expected starting date for both positions is either August or September 2017, but this is relatively flexible, so a different date may be arranged. The successful candidates will not

have teaching duties (however there is in principle the possibility to teach if wanted) and will

have access to fundings for travel. Additional information and detailed instructions on how to apply are available at

<https://goo.gl/FupDk0>

The deadline for application is the 15th of January 2017 and interviews are expected to take place mid-February.

I would be grateful if you would bring this announcement to the attention of potential candidates and distribute it via local mailing lists. My apologies if you receive this email more than once.

Best wishes,

Martín
