

CURRICULUM VITAE

Gabriella Tarantello

Personal Data:

Born October 15, 1958 in Pratola Peligna, Italy.

Nationality: Italian

Home address: Via Fidenza n.27, 00182 Rome, Italy

Office address: Universita' di Roma "Tor Vergata", Dipartimento di Matematica
via della Ricerca Scientifica, 00133 Rome Italy.

Education:

Nov. 1978-Apr. 1982: Undergraduate studies at: University of l'Aquila, Italy, (BS Degree in Mathematics)
Sept. 1982- June 1986: Graduate studies at Courant Institute of Mathematical Sciences, New York University, N.Y. USA.
May 1984: Master of Art and Sciences in Mathematics, Courant Institute of Mathematical Sciences, New York University, N.Y. USA.
June 1986: Ph.D. (Philosophy Doctor) in Mathematics, Courant Inst. of Mathematical Sciences, New York University, N.Y. USA.
June 1986-July 1987: Visiting Member, The Institute for Advanced Study, Princeton, N.J. U.S.A.
Aug. 1987-July 1989: Visiting Assistant Professor, University of California, Berkeley, CA, U.S.A.
Aug.1989-Dec. 1992: Assistant Professor, Carnegie Mellon University, Dept. of Mathematics, Pittsburgh, PA, U.S.A.
January 1993-Oct. 1994: Associate Professor, Università di Roma 'Tor Vergata', Rome, Italy.
November 1994-Oct. 1995: Full Professor, Università della Basilicata, Potenza, Italy.
November 1995 - present: Full Professor, Università di Roma 'Tor Vergata', Rome, Italy.

Field of Research: Nonlinear Partial Differential Equations, Differential Geometry, Mathematical Physics
Calculus of Variations and Gauge Field Theory.

Visiting positions:

- Forschungsinstitute für Mathematik, E.T.H. -Zurich, Switzerland
- Université Catholique de Louvain-la-Nauve, Belgium
- Tata Institute of Fundamental Research, Bangalore, India
- Field Institute of Mathematical Sciences, Toronto Canada
- Mc Master University, Hamilton, Canada
- Max Planck Institute, Liepzig, Germany
- Max Planck Institute, Bonn, Germany
- The Chinese University of Hong-Kong,
- Peking University and the Academia Sinica, Peking China
- Honzhou University, China;
- University of Meinz, Germany;
- Isaac Newton Institute Cambridge, UK;
- Pacific Institute for Fundamental Research Vancouver, Canada
- Courant Institute, New York University, N.Y. USA
- Seoul National University, Korea
- Rutgers University Dept. of Math. New Brunswick USA
- Bernoulli Center Lausanne Switzerland,
- CRM Universite' de Montreal, Montreal Canada
- Banff International Research Station for Mathematical Innovation and Discovery (BIRS), Canada.
- Universite' de Paris IV, Paris France
- Universite' de Paris Dauphine CEREMADE, Paris France
- Universite' de Cergy, Paris France
- SISSA, Trieste, Italy
- Centro Ennio de Giorgi, Pisa Italy.
- Taida Institute of Mathematical Sciences (TIMS), National Taiwan University in Taipei-TAIWAN.

-CUNY, New-York, USA

Symposia and conferences (for the period 2004 - present):

- Speaker at the conference: Variational Methods and the Nonlinear Schrödinger Equation, Feb. 9-13 2004, Bernoulli Center Lausanne Switzerland.
- Speaker at the International Conference on elliptic and Parabolic Problems, Recent Advances, Feb. 16-20, 2004 National Center for Theoretical Sciences, Hsinchu, Taiwan.
- Speaker at the Analysis Seminar SISSA April 2004, Trieste, Italy.
- Speaker at the Differential Equations Seminar, University of Granada May 2004, Granada, Spain.
- Organizer of the International Symposium on Variational methods and Nonlinear differential Equations, Jan. 10-14, 2005 Rome Italy.
- Speaker at the Workshop on Variational Methods in Nonlinear Analysis, April 14-22 2005, Erice Italy.
- Speaker at the Topological and Variational Methods in Partial Differential Equations, December 5-9 2005, Guanajuato Mexico.
- Speaker at the TMS and AMS joint international meeting December 14-19 2005, Tunghai University, Taiwan.
- Speaker at the Workshop on Singularities in PDE and the Calculus of Variations, July 17-21 2006, Montreal Canada.
- Speaker at the Workshop Nonlinear Differential Equations, September 11-15 2006, Como Italy.
- Speaker at the Workshop: Recent Advances in Hyperbolic Systems, Nov. 23-25 2006, Bertinoro, Italy.
- Speaker at the Workshop: Some Topics in Nonlinear Analysis and Applications to PDE, Jan.29-Feb. 1 2007, Rome Italy.
- Speaker at the CIME Summer School Geometric Analysis and PDE, June 11-16, 2007 Cetraro Italy
- Speaker at the VII Americas School in Differential Equations and Nonlinear Analysis
July 23-27, 2007, Cartagena, Columbia.,
- Organizer of the workshop s: Loss of compactness in nonlinear PDE: Recent trends, August 26 -31, 2007, held at Banff International Research Station for Mathematical Innovation and Discovery (BIRS), Canada.
- Speaker at the PDE seminar in the Department of Mathematics of Rutgers University, September 4th 2008, New Brunswick, USA.
- Speaker at the Workshop: Variational Methods for Nonlinear PDE and their Applications
Technion Haifa, (Israel) March 5-10, 2008.
- Invited speaker at the Special Session on : Isoperimetric Problems and PDE.
AMS Eastern Sectional meeting, March 15-16, 2008 held at the Courant Institute in New York.
- Speaker at the Workshop: Variational and Topological Methods in Nonlinear Phenomena, Otranto, Italy
May 1-5, 2008.
- Invited at the meeting: Calculus of Variation, Mathematisches Forschungsinstitut Oberwolfach, Germany;
July 6-12, 2008.
- Speaker at the meeting: Lack of compactness in nonlinear problems : prospects and applications, CIRM-Luminy, Marseille France October 5-9, 2009.
- Speaker at the meeting:VIII Americas Conference on Differential Equations, Veracruz-Mexico Oct. 18-23, 2009.
- Speaker: Optimal Constants in the Theory of Sobolev Spaces and PDEs Mathematisches Forschungsinstitut Oberwolfach, Germany; Feb. 7-12, 2010.
- Organizer: Differential and topological problems in modern theoretical physics, SISSA Trieste Italy, April 26-30, 2010.
- Speakers: Women of Laplacian, Monopoli Italy, June 3rd-6th, 2010.
- Speaker: Variational and Topological Methods in Nonlinear Phenomena , Cortona (Italy) Sept. 20- 23, 2010.
- Speaker: Nonlinear Differential Equations, Verbania (Italy), Sept. 26-Oct. 1st, 2010.
- Organizer: Nonlinear phenomena: a view from Mathematics and Physics TIMS-National Taiwan University Taipei (Taiwan) January 10th -14th , 2011 .
- Speaker: Geometric and Nonlinear Analysis: meeting in Lorraine, Nancy (France), June 12-17, 2011.

- Speaker: A conferente in Honor of the 60th birthday of Chang-Shoy Lin, National Taiwan University Taipei, July 8-9, 2011.
- Speaker: International Conferente on Nonlinear Partial Differential Equations, Hefei (China) August 1-6, 2011.
- Speaker: Nonlinear PDE Days – Variatio Delectat Koln (Germany) October 4-5, 2011.

Forthcoming:

- Invited Speaker: School and Workshop on CoCompact Imbeddings, Profile decompositions and their applications to PDE, TATA Institute of Fundamental Research Bangalore (India) January 3-12, 2012.
- Invited Speaker: "Fifteenth Riviere-Fabes Symposium on Analysis and PDE", Minneapolis Minnesota (USA) April 20-22, 2012.
- Invited Speaker: "Sino-Chilean Conference on Nonlinear Elliptic and Parabolic PDE" Santiago, Chile, July 17-20, 2012.
- Invited Speaker:
12th International Congress Mathematical Physics (section: PDE and Relativity)
Aalborg, (Denmark) 6-11 August 2012.

PH.D Students:

Roselli Paolo, Ricciardi Tonia, Bartolucci Daniele, Esposito Pierpaolo, Carosi Massimiliano, Roberto Fortini.
