

PhD Course 2025

Titolo: "Topics in Algebra and Representation Theory"

SPEAKER/LECTURER: Luca Francone e Martina Lanini

Joint with Roma 1, La Sapienza and Roma Tre

Period: November-June (Once a week in Friday)

Schedule: Morning 11.00-13.00

Room: 1201 "R. Dal Passo"

ABSTRACT

Summary:

It is an informal gathering taking place every **Friday 11-13** consisting of different modules (sometimes offered as a reading course) on various topics which will depend on the audience interests (among the possible topics, quiver representations, quiver Grassmannians, King's stability spaces, flag varieties, perverse sheaves, representations of affine Lie algebras, Kazhdan-Lusztig theory...).

Lecturers: Luca Francone e Martina Lanini)
