

**** Postdoc position at Luiss ****

The Department of Economics and Finance at Luiss University has issued a call for a postdoc position in “Learning in Strategic and Stochastic Environments.”

<https://economiaefinanza.luiss.it/en/research/research-grants/research-grants-2022>

The ideal candidate is engaged in research at the interface of game theory, machine learning, stochastic methods, optimization, theoretical computer science, and economic theory. Although the position is not related to any specific research project, the candidate is expected to interact with the faculty having similar research interests.

The postoc is expected to start in January 2023.

Deadline: May 25, 2022 - 2 p.m. - Central European Summer Time (CEST), UTC +2
