* **Disclaimer.** The administrative tasks to accomplish in order to complete the procedure for the entrance exams is quite complicate. We are constantly in contact with the offices of the rectorate that are in charge of the administration of the PhD Schools. At every stage the procedure must be validated by them. The list of the canddates admitted to the interview has not yet been officially validated, but is is released for the sake of the self-organization of the candidates in view of the final oral exams.
