

## **Postdoctoral position at University of L'Aquila.**

**Title:** Differential and algebraic geometric structures.

**Topics:** The research will focus on differential and algebraic geometry. Themes of particular interest are: classification of Riemannian manifolds and submanifolds whose curvature satisfies some geometric equation or property, evolution by geometric flows of Riemannian manifolds and submanifolds, classification of geometric structures on manifolds, birational geometry of algebraic manifolds.

**Number of positions:** 1

**Duration:** 12 months, with possibility of renewal

**Salary:** around 1400 € net per month

**Deadline:** 30th March 2022

**Requirements:** PhD in Mathematics

**Application:** online only on the web site

<https://pica.cineca.it/univaq/>

(you may search using the code: disim2022-ar10).

If you need help filling out the online form, please feel free to contact Barbara Nelli ([barbara.nelli@univaq.it](mailto:barbara.nelli@univaq.it)) and Giuseppe Pipoli ([giuseppe.pipoli@univaq.it](mailto:giuseppe.pipoli@univaq.it))

**Admission exam:** CV and interview (on-line)

If you need some help, please do not hesitate to contact Barbara Nelli ([barbara.nelli@univaq.it](mailto:barbara.nelli@univaq.it)) and Giuseppe Pipoli ([giuseppe.pipoli@univaq.it](mailto:giuseppe.pipoli@univaq.it)).
