

**** PhD position in Bern ****

UNIVERSITY OF BERN

(INSTITUTE OF MATHEMATICAL STATISTICS AND
ACTUARIAL SCIENCE)

PhD POSITION in STATISTICS

Funding is available for a PhD student (3 years) to work
on a project

in one of the following areas: Statistical forecasting
including

elicitability and related topics, stochastic simulation,
large

deviations and related computational techniques. The
student will be

supervised by Prof. Johanna Ziegel or Prof. Riccardo
Gatto depending
on the choice of topic.

The prospective PhD student should have a solid
background in

mathematics, mathematical statistics and/or probability

theory.

The salary will be at the level foreseen by the SNF for PhD students,

see http://www.snf.ch/SiteCollectionDocuments/allg_doktorierende_d.pdf.

There might be a possibility to complement the salary by taking up

teaching and statistical consulting duties.

The starting date is 1 September 2018 or by mutual agreement.

Applications (cover letter, CV, and transcripts from the studies)

giving the name and address (postal and e-mail) of an academic referee

should be e-mailed as a single file to

Prof. Johanna Ziegel

johanna.ziegel@stat.unibe.ch

and

Prof. Riccardo Gatto

riccardo.gatto@stat.unibe.ch

All applications received before 10 June 2018 will be considered.

Later applications will be considered until the position is filled.

Informal e-mail enquiries are welcome. [http://
www.imsv.unibe.ch](http://www.imsv.unibe.ch)
