Subject: Assistant Professor Position, Computational and Applied Math, SMU
From: Daniel Reynolds <reynolds@smu.edu>
Date: September 08, 2017

Southern Methodist University
Department of Mathematics

Position No. 00006031: Applications are invited for a tenure-track
Assistant Professorship in Computational and Applied Mathematics to
begin in the fall semester of 2018. The department is searching for
junior scholars with outstanding records of research in computational
and applied mathematics, with a commitment to interdisciplinary
research and teaching. We are seeking candidates whose interests align
with those of the department and who would contribute in a substantial
way to the university's initiatives in high performance computing,

data science and interdisciplinary research. Our faculty are currently
working in emerging areas such in computational applied mathematics,
neuroscience and electric power grid.

The Department of Mathematics offers graduate degrees in Computational
and Applied Mathematics and includes 17 tenured or tenure-track
faculty researchers, all of whom work in application areas. Visit
http://www.smu.edu/math/ for more information. Interested applicants
need to submit a curriculum vitae, a list of publications, research
and teaching statements, and request three references to be addressed
to the Faculty Search Committee, Department of Mathematics, Southern
Methodist University, P.O. Box 750156, Dallas, Texas, 75275-0156.

Additional information regarding the position, as well as details on

the application process are available at
https://www.mathjobs.org/jobs/jobs/10610.
