

**\*\* PhD Position(s) in Financial Mathematics (Limerick, Ireland) \*\***

The University of Limerick invites applications for a fully funded PhD (4 years) in Financial Mathematics.

The successful candidate will have a solid preparation in Mathematics, in particular in Analysis and/or Probability, and a keen interest in developing novel Mathematical and Computational tools to solve Finance problems.

Potential research topics include pricing or investment with several assets and derivative contracts, and will be jointly supervised by Eberhard Mayerhofer (Limerick) and Paolo Guasoni (Dublin).

Candidates should send to [eberhard.mayerhofer@ul.ie](mailto:eberhard.mayerhofer@ul.ie):

1. Current CV
2. Official transcripts
3. Personal statement
4. Two recommendation letters (sent by referees, not candidates).

-----  
Dipl.-Ing. Dr. Eberhard Mayerhofer, Privatdozent  
Senior Lecturer in Financial Mathematics  
University of Limerick
