

**** Postdoc/PhD positions in discrete probability at Lyon ****

Applications are invited for the following two positions within the project "Dynamic hyperbolic graphs" <http://math.univ-lyon1.fr/~mitsche/GrHyDy/GrHyDy.htm>.

The two positions will be at two different places (Institut Camille Jordan and Institut Mines Télécom Lille Douai), but the successful candidates will have the chance and are encouraged to spend time at the different project locations:

- 1) Fully funded 2-year postdoc position OR fully funded PhD scholarship at Institut Camille Jordan (<http://math.univ-lyon1.fr/>), hosted by Dieter Mitsche. For more details how to apply please look at <http://math.univ-lyon1.fr/~mitsche/GrHyDy/ANRposition.pdf> (contact Dieter Mitsche, dmitsche@gmail.com, for information and for applying for this position)
- 2) Fully funded 1-year postdoc position at Institut Mines Télécom Lille Douai, hosted by David Coupier. For more details please look at <http://math.univ-lyon1.fr/~mitsche/GrHyDy/ANRpositionDavid.pdf> (contact

David Coupier, david.coupier@imt-lille-douai.fr for information and for applying for this position)

Informal inquiries welcome. Deadline for applications:
May 1, 2021

((If you are interested, please contact us as soon as possible. Depending on the applications that we will receive, we may decide to fill the position before the official deadline)).
