Two 1-year (renewable to 2 years) postdoc positions at the Scuola Normale Superiore

A call for two one-year research contracts (renewable up to 2 years) is open at the Scuola Normale Superiore di Pisa (Italy). The topics of the research are _"*Quantitative construction and optimization of multi-factor portfolios in the equity and fixed income markets* "_ and _"*Portfolio construction and optimization of Multi-Asset Portfolios with a target volatility level, creation and optimization of "smart" Multi-Factor Portfolios in the Equity and Fixed Income asset classes* "_ and it is part of a collaboration between Fineco and Scuola Normale.

The research activity will be in tight collaboration with the Quantitative Team of Fineco Asset Management in Dublin.

The details of the call are at
