MLDYN2020 - Scuola Normale Superiore, Nov 26-27 2020

We are pleased to announce the organization of the *1st School* in

"Machine Learning of Dynamic Processes and Time Series Analysis"

that will be held at Scuola Normale Superiore in Pisa (Italy) on **26-27 November 2020**. There are no fees.

The purpose of this School is to present recent developments in Machine Learning focusing on dynamical systems. Applications will also be discussed, such as the forecasting of financial time series.

The School provides 4 main lectures given by

Christa Cuchiero, *University of Vienna*
Lyudmila Grigoryevya, *University of Konstanz*
Juan-Pablo Ortega, *University of St. Gallen and CNRS*
Josef Teichmann, *ETH Zurich*

Detailed information on the School, on the issues related to the Covid-19 and instructions for applications can be found at:

www.mldyn2020sns.com

The registration and application deadline is **September 30, 2020**.

The organizers,

Fabrizio Lillo
Giulia Livieri

Stefano Marmi
Piero Mazzarisi
