** Three two-year postdoctoral fellowships -- Torino, Italy **

The Department of Mathematics "G. Peano" (University of Torino) invites applications for three two-year postdoctoral fellowships in all areas of applied and pure mathematics. The winners will work with researchers of the department in all areas of mathematics, including Probability and Statistics.

The call is online at

https://pica.cineca.it/unito/

Look for "Bando assegni di ricerca - Cofinanziati - Tornata XXIII" and click the left blue button (Bando/call). For the application procedure choose instead the button on the right (Le tue domande/your applications -- the application is then available in English).

The closing date is March 8, 2021 (1pm CET)

The dates and location of the interviews will be

published at

https://www.serviziweb.unito.it/albo_ateneo/
