Subject: Tenure Track Assistant/Associate Professor
Position, Applied Math, WPI
From: Marcus Sarkis <msarkis@wpi.edu>
Date: October 03, 2019

The Department of Mathematical Sciences at Worcester
Polytechnic
Institute invites applications for a tenure-track position
at the
assistant or associate professor level, to begin in the
Fall of
2020. We seek candidates in all areas of Applied
Mathematics, in its
broadest interpretation, whose research interests are a
good fit with
the department. A list of current faculty, along with their
research
areas can be found at
https://www.wpi.edu/academics/departments/
mathematical-sciences/faculty-staff.

The successful applicant is expected to develop a
robust, externally
funded, high-profile research program, while at the same

time

contributing to the educational mission of the Mathematical Sciences

Department. Applicants should have a Ph.D. in Mathematics, or a

closely related field, and should submit a cover letter that explains

how they see their research fitting with the department, a detailed

curriculum vitae, statements of specific research and teaching

objectives, and at least four letters of recommendation, one or more

of which addresses teaching experience or potential. All material

should be submitted via MathJobs. Questions about the mathematical

sciences department can be directed to ma-chair@wpi.edu. The review

process will start on November 1, 2019 and will continue until the

position is filled.

We are an Equal Opportunity Employer and do not discriminate against

applicants due to race, color, religion, age, sex, sexual orientation,
gender identity, national origin, veteran status or disability. We are
looking for individuals who value creativity, diversity, inclusion,
and collaboration.
