

PhD studentships are available in the Department of Statistics at the University of Warwick as part of the Warwick Centre for Doctoral Training in Mathematics and Statistics.

<https://warwick.ac.uk/fac/sci/fromas>

The studentships are for a period of 4 years with starting date October 2019. Funding includes a stipend at UKRI rates and tuition fees at UK/EU rates.

Research in the Warwick Statistics Department can be broadly divided into three areas:

- 1 Probability and Stochastic Finance;
- 2 Statistical Methodology and Computational Statistics;
- 3 Data Intensive Research and Scientific Statistical Modelling.

For further details see: <https://warwick.ac.uk/fac/sci/statistics/postgrad/research/>

Further information on the CDT, including how to apply, is given at:

<https://warwick.ac.uk/fac/sci/fromas>

Informal enquiries may be sent to Martyn Plummer
